Dear

I sell the patent usa antenna cubsat

His original form allows its installation where you would have problems with a traditional parabolic antenna.

With CubSat you avoid any problems with your neighbors or the owners of apartment buildings

The size and the esthetic form of CubSat allows an almost invisible installation everywhere

Sells total American antenna cubsat Protection patent for the development and the marketing on the American DIRECTV USA or other satellite territory and future TV ud ultra high definition 4 k satellite.
price 50000 dollar patent numbers brevet US6208314
